Vision Statement
We believe that education for human service must have as its foundation a vision of enhancing human dignity and the quality of life. To do so, human service professionals must focus on moral perspectives in their professional and community lives. The faculty and staff of the School of Leadership and Education Sciences seek to impart this vision to our students.

Mission Statement
It is our responsibility to prepare students with the professional knowledge, skills, and ethical perspectives they will need for effective leadership and practice in a diverse society. We seek to become, and encourage our students to become, life-long learners engaged in scholarly inquiry, research, and professional development. We value professional and community service and encourage such service by our students.

To implement our mission, the faculty enriches all programs and course offerings with the values, concepts, and themes that we believe will help students become ethical, civic-minded and committed leaders in their chosen fields.

Internationalization Experience Requirement
School of Leadership and Education Sciences (SOLES) students are required to complete an international experience to graduate. SOLES recognizes that students are living in a global society and they need to understand how other countries and cultures approach the issues and concepts in their program areas. The internationalization experience will strengthen students in their current lives and future careers. Each program has identified specific ways in which its students can meet the internationalization requirement, including participation in a global study course offered through the SOLES Global Center. Students should check with their respective program/department for more information on options for satisfying the SOLES International Experience Requirement. Please note: Beginning in Summer 2011, courses with an “I” designation following the course number are courses that satisfy this requirement.
